

## PRIVATE TUTORING TERMS & CONDITIONS

**Getting Started:** Our process starts immediately when you authorize us to begin. We work with you to determine learning objectives, styles, personality and together create an individualized learning plan. We charge a one-time set up fee of \$100 to cover any materials, plan development, and administrative time to select the most effective options for you and your student. We will start the search for an appropriate tutor. This process may take up to a week, but we try to do it much quicker. After you have purchased a package of tutoring hours we will work with you to get the times and dates scheduled so that tutoring can begin.

**Customer Accounts:** Your package of hours will be added to your account and will be available immediately, but will expire after 60 days. Each time you tutor, we will reduce the available hours based on how long your tutoring session lasts. When your account balance reaches 2 hours remaining, we will notify you of the remaining hours available. When your account reaches 0 hours remaining, we will renew your account for an additional package of hours at the same price and terms agreed upon. If you do not wish to renew, please let us know before your account reaches 0 hours remaining so that we will not charge your credit card for an additional package of hours. Please call us if you have any questions or concerns.

**Rescheduled or Missed Sessions:** If you must RESCHEDULE a session, we ask that you provide at least 24 hours notice to your tutor, otherwise we will consider this a missed Session. MISSED sessions cannot be rescheduled.

**Supervision:** If the tutoring session is held in a private home or location specified by you. A parent or responsible adult *must always be present* during the tutoring sessions.
